

## **STATEMENT FROM THE TOWNSHIP OF MAPLE SHADE**

### **Coronavirus Disease (COVID-19)**

**March 27th, 2020**

*Today, we have been notified by the Burlington County Office of Emergency Management of 1 resident testing positive for COVID-19 Coronavirus. Names, addresses and personal identifying information of patients cannot be released or shared with the community*

*The Burlington County Board of Health is the lead agency for investigation of cases involving a positive COVID-19 person, including all close contacts. If it is determined that a resident is in close contact with someone infected with COVID-19, the County Office of Health Services will reach out. Close contact is considered being within a 6-foot radius of the person for a minimum duration of 10 minutes. People who are outside of this are not considered a close contact. It is important for everyone to monitor their health and consult a primary care physician if exhibiting symptoms.*

*If anyone has questions about COVID-19, you can call the 24-hour public hotline at 800-222-1222. You can also visit the Burlington County COVID-19 Web Page at the following link: <http://www.co.burlington.nj.us/1845/2019-Novel-Coronavirus-Information>*

*Updates will be provided as they become available.*
