PART 1
REPORT OF AUDIT OF FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Council
Township of Maple Shade
Maple Shade, New Jersey 08052

Report on the Financial Statements

We have audited the accompanying statements of assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Maple Shade, in the County of Burlington, State of New Jersey, as of December 31, 2014 and 2013, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis, statement of expenditures - regulatory basis, and statement of general fixed assets group of accounts for the year ended December 31, 2014 and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the Township on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township of Maple Shade, in the County of Burlington, State of New Jersey, as of December 31, 2014 and 2013, or the results of its operations and changes in fund balance for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to previously present fairly, in all material respects, the assets, liabilities, reserves and fund balance - regulatory basis of the various funds of the Township of Maple Shade, in the County of Burlington, State of New Jersey, as of December 31, 2014 and 2013, and the results of its operations and changes in fund balance - regulatory basis of such funds for the years then ended, and the revenues - regulatory basis, expenditures - regulatory basis of the various funds, and general fixed assets, for the year ended December 31, 2014 in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as described in Note 1.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The supplemental financial statements presented for the various funds are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance programs are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and State of New Jersey Circular 15-08-OMB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and are also not a required part of the financial statements.

The supplementary financial statements presented for the various funds and the schedules of expenditures of federal awards and state financial assistance programs are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information described in the previous paragraph is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 18, 2015 on our consideration of the Township of Maple Shade's, in the County of Burlington, State of New Jersey, internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Township of Maple Shade's internal control over financial reporting.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Council
Township of Maple Shade
Maple Shade, New Jersey 08052

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey of the Township of Maple Shade, in the County of Burlington, State of New Jersey, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated June 18, 2015. That report indicated that the Township of Maple Shade's financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America, but were prepared on a regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township of Maple Shade's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of Township of Maple Shade's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs to be material weaknesses: 2014-001, 2014-002 and 2014-005.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs to be significant deficiencies: 2014-003 and 2014-006.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Township of Maple Shade's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2014-001, 2014-002, 2014-003, 2014-004, 2014-005 and 2014-006.

The Township of Maple Shade's Response to Findings

The Township of Maple Shade's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The Township's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWNSHIP OF MAPLE SHADE
Notes to Financial Statements
For the Year Ended December 31, 2014

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Description of Financial Reporting Entity - For much of its history, the Township of Maple Shade was part of Chester Township which was founded in 1688 and authorized by royal charter in 1712. Over the years portions of Chester Township were "spun-off" to form the Townships of Evesham, Cinnaminson and Moorestown; in 1945 the remaining Township of Chester changed its name to the Township of Maple Shade.

The Township is located in the County of Burlington, New Jersey, being approximately 10 miles from Philadelphia center-city. The 2010 population according to the U.S. Census Bureau was 19,131.

The Township is governed by a Council of five elected members who designate a Mayor and Deputy Mayor from their number. Administrative responsibilities are assigned to the Township Manager. Policy is determined by Council; the Manager is responsible for carrying out such policy.

Component Units - The Township of Maple Shade had no component units as defined by Governmental Accounting Standards Board Statement No. 14, as amended by GASB Statements No. 39 and No. 61.

Basis of Accounting, Measurement Focus and Basis of Presentation - The financial statements of the Township of Maple Shade contain all funds and account groups in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. The principles and practices established by the Requirements of Audit are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Generally, the financial statements are presented using the flow of current financial resources measurement focus and modified accrual basis of accounting with minor exceptions as mandated by these "Requirements". In addition, the prescribed accounting principles previously referred to differ in certain respects from accounting principles generally accepted in the United States of America applicable to local government units. The more significant differences are explained in this Note.

In accordance with the "Requirements", the Township of Maple Shade accounts for its financial transactions through the use of separate funds which are described as follows:

Current Fund - The Current Fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds - The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - The General Capital Fund accounts for receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water/Sewer Utility Operating and Capital Funds - The Water/Sewer Utility Operating and Capital Funds account for the operations and acquisition of capital facilities of the municipally owned Water/Sewer Utility.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Budgets and Budgetary Accounting - The Township of Maple Shade must adopt an annual budget for its current and water/sewer utility funds in accordance with N.J.S.A. 40A:4 et seq. N.J.S.A. 40A:4-5 requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9. Amendments to adopted budgets, if any, are detailed in the statements of revenues and expenditures.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Township's financial statements.

Cash, Cash Equivalents and Investments - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gain or loss on investments has not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the Governmental Units.

The cash management plan adopted by the Township of Maple Shade requires it to deposit funds in public depositories protected from loss under the provisions of the Act.

Interfunds - Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)****Cash, Cash Equivalents and Investments (Cont'd)**

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets - Accounting for Governmental Fixed Assets, as required by N.J.A.C. 5:30-5.6, differs in certain respects from accounting principles generally accepted in the United States of America. In accordance with the regulations, all local units, including municipalities, must maintain a general fixed assets reporting system that establishes and maintains a physical inventory of nonexpendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular A-87 (Attachment B, Section 19), except that the useful life of such property is at least five years. The Township has adopted a capitalization threshold of \$5,000, the maximum amount allowed by the Circular. Generally, assets are valued at historical cost; however, assets acquired prior to December 31, 1985 are valued at actual historical cost or estimated historical cost. No depreciation of general fixed assets is recorded. Donated general fixed assets are recorded at their estimated fair market value on the acquisition date. Interest costs relative to the acquisition of general fixed assets are recorded as expenditures when paid. Public domain ("infrastructure") general fixed assets consisting of certain improvements such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. The Township is required to maintain a subsidiary ledger detailing fixed assets records to control additions, retirements and transfers of fixed assets. In addition, a Statement of General Fixed Assets, reflecting the activity for the year, must be included in the Township's basic financial statements.

The regulations require that general fixed assets, whether constructed or acquired through purchase, grant or gift be included in the aforementioned inventory. In addition, property management standards must be maintained that includes accurate records indicating asset description, source, ownership, acquisition cost and date, the percentage of Federal participation (if any), and the location, use, and condition of the asset. Periodically, physical inventories must be taken and reconciled with these records. Lastly, all fixed assets must be adequately controlled to safeguard against loss, damage or theft.

Utility Fixed Assets - Property and equipment purchased by a utility fund are recorded in the utility capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not represent replacement cost or current value. The Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property and equipment and improvements and contributed capital.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments and to return the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to a municipal use, it will be recorded in the General Fixed Assets Account Group.

Deferred Charges - The recognition of certain expenditures is deferred to future periods. These expenditures, or deferred charges, are generally overexpenditures of legally adopted budget appropriations or emergency appropriations made in accordance with N.J.S.A. 40A:4-46 et seq. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Fund Balance - Fund Balances included in the current fund and water/sewer utility operating fund represent amounts available for anticipation as revenue in future years budgets, with certain restrictions.

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Revenue from Federal and State grants are realized when anticipated as such in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the statement of assets, liabilities, reserves and fund balance of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Property Tax Revenues - Property tax revenues are collected in quarterly installments due February 1, May 1, August 1, and November 1. The amount of tax levied includes not only the amount required in support of the Township's annual budget, but also the amounts required in support of the budgets of the County of Burlington and the Township of Maple Shade School District. Unpaid property taxes are subject to tax sale in accordance with the statutes.

School Taxes - The municipality is responsible for levying, collecting and remitting school taxes for the Township of Maple Shade School District. Operations is charged for the Township's share of the amount required to be raised by taxation for the period from July 1 to June 30, increased by the amount deferred at December 31, 2013 and decreased by the amount deferred at December 31, 2014.

County Taxes - The municipality is responsible for levying, collecting and remitting county taxes for the County of Burlington. Operations is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10 of the current year. In addition, operations is charged for the County share of Added and Omitted Taxes certified to the County Board of Taxation by October 10 of the current year and due to be paid to the County by February 15 of the following year.

Reserve for Uncollected Taxes - The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from taxes not paid currently. The Reserve, the minimum amount of which is determined on the percentage of collections experienced in the immediate preceding year, with certain exceptions, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations.

Expenditures - Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when paid. However, for charges to amounts appropriated for "other expenses", an amount is encumbered through the issuance of a numerically controlled purchase order or when a contract is executed in accordance with N.J.A.C. 5:30-5.2. When encumbered charges are paid, the amount encumbered is simultaneously liquidated in its original amount. Encumbrances are offset by an account entitled reserve for encumbrances. The reserve is classified as a cash liability under New Jersey municipal accounting. At December 31, this reserve represents the portion of appropriation reserves that has been encumbered and is subject to the same statutory provisions as appropriation reserves.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis; whereas interest on utility indebtedness is on the accrual basis.

Note 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**

Appropriation Reserves - Appropriation reserves covering unexpended appropriation balances are automatically created at year-end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Long-Term Debt - Long-Term Debt, relative to the acquisition of capital assets, is recorded as a liability in the General Capital and Utility Capital Funds. Where an improvement is a "local improvement", i.e. assessable upon completion, long-term debt associated with that portion of the cost of the improvement to be funded by assessments is transferred to the Trust Fund upon the confirmation of the assessments or when the improvement is fully and permanently funded.

Compensated Absences and Postemployment Benefits - Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a pay-as-you-go basis. Likewise, no accrual is made for postemployment benefits, if any, which are also funded on a pay-as-you-go basis.

Note 2: **CASH AND CASH EQUIVALENTS**

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Township's deposits might not be recovered. Although the Township does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the municipality in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings, bail funds, or funds that may pass to the municipality relative to the happening of a future condition. Such funds are shown as Uninsured and Uncollateralized in the schedule below.

As of December 31, 2014, the Township's bank balances of \$16,413,550.11 were exposed to custodial credit risk as follows:

Insured by Federal Deposit Insurance Corporation	\$ 250,000.00
Uninsured and uncollateralized	2,686,440.20
Uninsured and Collateralized with Securities Held by Pledging Financial Institutions	<u>13,477,109.91</u>

	<u>\$ 2,585,589.29</u>	<u>\$2,585,589.29</u>

The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During 2015, the Township expects to liquidate such interfunds.

Note 8: **PENSION PLANS**

The Township of Maple Shade contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS), which are administered by the New Jersey Division of Pensions and Benefits. In addition, Township employees participate in the Defined Contribution Retirement Program (DCRP), which is a defined contribution pension plan and is also administered by the New Jersey Division of Pensions and Benefits. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
 Division of Pensions and Benefits
 P.O. Box 295
 Trenton, New Jersey 08625-0295

Public Employees' Retirement System - The PERS was established in 1955. The PERS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the Public Employees' Retirement System were required to contribute 5% of their annual covered salary. Effective July 1, 2008, however, in accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members were required to contribute 5.5% of their annual covered salary. For employees enrolled in the retirement system prior to July 1, 2008, the increase was effective with the payroll period that began immediately after July 1, 2008. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased to 6.5% plus an additional 1.0% phased-in over seven years. The phase-in of the additional incremental member contribution amount began July 1, 2012 and increases each subsequent July 1. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, the statute also requires the return to the normal rate when such surplus pension assets no longer exist.

The Township is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<u>Year</u>	<u>Normal Contribution</u>	<u>Accrued Liability</u>	<u>Total Liability</u>	<u>Paid by Township</u>
2014	\$ 41,489.00	\$ 167,078.00	\$ 208,567.00	\$ 208,567.00
2013	70,804.00	140,865.00	211,669.00	211,669.00
2012	83,727.00	140,584.00	224,311.00	224,311.00

Police and Firemen's Retirement System - The PFRS was established in 1944. The PFRS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:16A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 204, P.L. 1989, plan members enrolled in the Police and Firemen's Retirement System are required to contribute 8.5% of their annual covered salary. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased to 10% in October, 2011. The State Treasurer has the right under the current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to the normal rate when such surplus pension assets no longer exist.

Note 8: **PENSION PLANS (CONT'D)**

The Township is billed annually for its normal contribution plus any accrued liability. These contributions, equal to the required contributions, were as follows:

<u>Year</u>	<u>Normal Contribution</u>	<u>Accrued Liability</u>	<u>Total Liability</u>	<u>Paid by Township</u>
2014	\$ 279,714.00	\$ 418,218.00	\$ 697,932.00	\$ 697,932.00
2013	336,068.00	405,803.00	741,871.00	741,871.00
2012	345,224.00	360,461.00	705,685.00	705,685.00

Defined Contribution Retirement Program - The Defined Contribution Retirement Program ("DCRP") is a single-employer defined contribution pension fund which was established on July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.), and expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The Defined Contribution Retirement Program Board oversees the DCRP, which is administered for the Division of Pensions and Benefits by Prudential Financial. The DCRP provides eligible members, and their beneficiaries, with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et. seq.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Township's contribution amounts for each pay period are transmitted to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

The Township's contributions for 2014, 2013 and 2012 were \$1,242.16, \$1,129.40 and \$930.96, respectively.

Early Retirement Incentive Program - Legislation enacted in 1991 and 1993 made early retirement available through Early Retirement Incentive Programs. These Programs, which were subject to the approval of the Township's governing body (within a limited period of time), were available to employees who met certain minimum requirements. The governing body of the Township approved the 1993 Program for eligible members of the PFRS. Since no accrual has been made for the additional costs related to the Program, the Township funds such cost in an annual budget appropriation on a pay-as-you-go basis. The required annual installment of the accrued liability to the PFRS for the Program in 2014 was \$52,018.00. The last installment is due on April 1, 2017.

Related Party Investments - The Division of Pensions and Benefits does not invest in securities issued by the Township.

Note 9: **COMPENSATED ABSENCES**

Full-time employees are entitled to paid unused sick leave, vacation days and compensatory time in various amounts as outlined in the Township code and contracts between the Township and PBA Local 267 and Teamsters Local Union 676. Unused sick leave, vacation days and compensatory time may be accumulated and carried forward to the subsequent year, subject to conditions outlined in the Township code and contracts. Upon retirement, employees may be compensated for accumulated unused sick leave, vacation days and compensatory time in accordance with formulas and limits established in the Township code and contracts.

The Township does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2014, accrued benefits for compensated absences are valued at \$926,633.41.

The Township has established a Trust Fund to set aside funds for future payments of compensated absences. At December 31, 2014, the balance of the fund was \$147,018.36.

Note 10: **DEFERRED COMPENSATION SALARY ACCOUNT**

The Township offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457 which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Township's financial statements.

Note 11: **LEASE OBLIGATIONS**

At December 31, 2014, the Township had lease agreements in effect for the following:

- Operating:
 - Photocopiers
 - Postage System

Future minimum lease payments under capital lease agreements are as follows:

Operating Leases:

<u>Year</u>	<u>Amount</u>
2015	\$ 18,959.40
2016	15,148.20
2017	<u>6,756.00</u>
	<u>\$ 40,863.60</u>

Rental payments under operating leases for the year 2014 were \$17,809.44.

Note 12: **DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS**

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2014, the following deferred charge is shown on the statement of assets, liabilities, reserves and fund balance of the following fund:

	<u>Balance Dec. 31, 2014</u>	<u>2015 Budget Appropriations</u>	<u>Balance to Succeeding Years</u>
Current Fund:			
Special Emergency Authorization	\$ 376,000.00	\$ 94,000.00	\$ 282,000.00

Tax Payable	<u>\$ 13,132.00</u>	<u>\$ 13,130.00</u>

Note 14: **NEW JERSEY UNEMPLOYMENT COMPENSATION INSURANCE**

The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State. The following is a summary of Township contributions, reimbursements to the State for benefits paid and the ending balance of the Township's trust fund for the current and previous two years:

<u>Year</u>	<u>Township Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>

Note 17: **POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS**

The financial statements of the Township are not prepared in accordance with Governmental Accounting Standards Board Statement No. 45. The following information is provided in accordance with the requirements of the Statement and has been implemented prospectively.

Plan Description

The Township's defined benefit postemployment healthcare plan, the Maple Shade Township Postemployment Benefits Plan (the "Township Plan"), allows employees retiring with twenty-five (25) or more years of service with Maple Shade Township or at least sixty (60) years of age, and employees retiring on a disability pension, to receive paid health and prescription benefits subject to a maximum Township contribution. The annual Township maximum contribution amounts are as follows: \$7,000.00 for regular employees, \$9,000.00 for department heads, \$7,500.00 for Teamsters members, \$15,000.00 for police officers and \$16,000.00 for the police captain and lieutenants. Premiums in excess of these amounts are the responsibility of the retiree.

Effective January 1, 2013, the Township Plan was a single-employer plan. The benefit provisions of the Township Plan may be established or amended by the Township Council. The plan does not issue a separate financial report. Prior to 2013, the Township Plan was an agent multiple-employer postemployment healthcare plan administered by the Municipal Reinsurance Health Insurance Fund (the "MRHIF").

Funding Policy

The contribution requirement of the Township is established by policy of the Township Council and reflected in the various union contracts. The Council may amend its policy, subject to contract inclusion, as deemed necessary. The required contribution is based on projected pay-as-you-go financing requirements. For the years 2014, 2013 and 2012, the Township contributed \$215,029.16, \$224,367.61 and \$206,491.11, respectively, to the Township plan for current premiums which represents the Township's required contribution. Various factors, as stipulated in employee contracts, dictate whether plan members are required to make contributions to the plan. For the years 2014, 2013 and 2012, employee contributions to the plan were \$139,938.50, \$114,672.24 and \$128,123.50, respectively.

Annual OPEB Cost and Net OPEB Obligation

The Township's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Township's annual OPEB cost, the amount actually contributed to the Plan, and changes in the Township's net OPEB obligation to the Plan:

Note 17: **POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)**

Funded Status and Funding Progress

As of January 1, 2014, the most recent actuarial valuation date, the Township Plan was 0% funded. The actuarial accrued liability for benefits was \$7,192,589.00, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$7,192,589.00. The covered payroll (annual payroll of active employees covered by the plan) was \$4,556,851.72, and the ratio of the UAAL to the covered payroll was 157.84%. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future.

The actuarial assumptions used can be categorized into three groups as follows: economic assumptions – the discount rate; benefit assumptions - the initial per capita cost rates for medical and prescription drug coverage; demographic assumptions - including the probabilities of retiring, dying, terminating (without a benefit), becoming disabled, recovery from disability, election (participating rates) and coverage levels.

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented below as required supplementary information, compares the assets used for funding purposes to the comparable liabilities to determine how well the Township Plan is funded. The actuarial liability is compared to the actuarial value of assets to determine the funding ratio. The Actuarial Accrued Liability under GASB is determined assuming that the Township Plan is ongoing and participants continue to terminate employment, retire, etc., in accordance with the actuarial assumptions.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. Actuarial assumptions were based on the actual experience of the covered group, to the extent that creditable experience data was available, with an emphasis on expected long-term future trends rather than giving undue weight to recent past experience.

Note 17: **POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)**

In the January 1, 2014 actuarial valuation, the projected unit credit actuarial cost method was used to develop the actuarial accrued liability and normal cost. Under the projected unit credit cost method, the present value of benefits is allocated uniformly over the employee's expected working lifetime. The actuarial assumptions included a 4.5 percent discount rate. This rate was derived from the historical performance of the New Jersey State Cash Management Fund. The valuation assumes that future retired employees purchase insurance sufficient to receive the current maximum provided insurance reimbursement. For current retired employees, the level of future reimbursements is based on information provided by the Township.

The following demographic assumptions were used in the valuation:

Mortality

Sex-distinct RP 2014 Employee, Healthy Annuitant and Disabled Mortality Tables, projected with scale MP-2014 on a generational basis.

Retirement Rates

Police Officers with 25 or more years of service are assumed to retire according to the certain rates that vary by age; 100% of Police Officers are assumed to retire at age 65 (which is mandated under New Jersey State law), regardless of service; Other employees with 25 or more years of service or at least age 60 are assumed to retire according to the certain rates that vary by age; 100% of non-Police employees are assumed to retire at age 70, regardless of service.

Withdrawal

Turnover rates vary by age and service.

Disability Rates

Disability rates vary by age.

Decrement Timing

All decrements and benefit payments are assumed to occur mid-year.

Participation Rates

It is assumed that 100% of future retirees who meet the eligibility requirements will participate in the postemployment welfare plans upon retirement.

Expenses

No additional provision is included for administrative expenses.

Note 17: **POST EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (CONT'D)**

The Township Plan's unfunded actuarial accrued liability is being amortized as a level dollar on an open basis for a period of 30 years.

Note 18: **LITIGATION**

The Township is involved in in certain legal proceedings that are in various stages of litigation. It is believed that the outcome or exposure to the Township from such litigation is either unknown or potential losses, if any, would be covered by insurance or would not be material to the financial statements.

Additionally, as of December 31, 2014, there were certain tax appeals on file against the Township related to tax years 2012 through 2014. The Township has estimated that the potential exposure to the Township from such appeals is approximately \$621,000.00.

PART 2
SINGLE AUDIT
FOR THE YEAR ENDED DECEMBER 31, 2014

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND STATE OF NEW JERSEY CIRCULAR 15-08-OMB

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
Members of the Township Council
Township of Maple Shade
Maple Shade, New Jersey 08052

Report on Compliance for Each Major Federal and State Program

We have audited the Township of Maple Shade's, in the County of Burlington, State of New Jersey, compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the New Jersey State Grant Compliance Supplement that could have a direct and material effect on each of the Township's major federal and state programs for the year ended December 31, 2014. The Township's major federal and state programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Township's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and State of New Jersey Circular 15-08-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133 and State of New Jersey Circular 15-08-OMB require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Township's compliance.

Opinion on Each Major Federal and State Program

In our opinion, Township of Maple Shade complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for year ended December 31, 2014.

Report on Internal Control Over Compliance

Management of Township of Maple Shade is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Township's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and State of New Jersey Circular 15-08-OMB, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township of Maple Shade's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and State of New Jersey Circular 15-08-OMB. Accordingly, this report is not suitable for any other purpose.

Section 2- Schedule of Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Government Auditing Standards and with audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Finding No. 2014-001

Criteria or Specific Requirement

Good internal control practices dictate that a complete and accurate general ledger be maintained for each fund to ensure adequate control over the preparation of financial statements including the related footnotes.

Effective internal controls over cash accounts include the preparation of accurate bank reconciliations on a monthly basis.

Condition

The general ledger for all funds was not properly maintained and, as a result, extensive audit adjustments were necessary to achieve proper presentation in the financial statements.

Cash reconciliations were not performed.

Context

The general ledger for all funds was not properly maintained and cash reconciliations were not performed.

Effect

Without a properly maintained general ledger, the immediate and current identification of assets, liabilities, revenues, expenditures and fund balance cannot be achieved. The overall condition of the general ledger and the amount of required audit adjusting journal entries thereto are an indication of ineffective controls over the preparation of the financial statements. Therefore, there is a significant likelihood that the Township's controls are not effective in detecting material misstatements in the preparation of the financial statements including the related footnotes. In addition, a lack of effective controls exists over cash which increases the risk that an error may occur and not be detected.

Cause

The general ledger for all funds was simply not properly maintained and cash reconciliations were simply not performed.

Recommendation

That the general ledger for all funds be accurately and completely maintained to ensure adequate control over the preparation of the financial statements including the related footnote, and that cash reconciliations for all Township bank accounts be properly performed on a monthly basis.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

TOWNSHIP OF MAPLE SHADE
Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2014

Section 2- Schedule of Financial Statement Findings (Cont'd)

Finding No. 2014-002

Criteria or Specific Requirement

Subsidiary ledgers should be maintained timely and accurately to support the balances of the general ledger.

Condition

Subsidiary ledgers in the Trust Other Funds were not properly maintained timely and/or accurately.

Context

Subsidiary ledgers in certain Trust Other Fund accounts were not properly maintained timely and/or accurately.

Effect

The Township does not have an accurate analysis of amounts held in trust for certain Trust Other Fund accounts.

Cause

The subsidiary ledgers were not properly maintained timely and/or accurately.

Recommendation

That all subsidiary ledgers in the Trust Other Funds be maintained in a timely manner and accurately reflect the balances in the general ledger.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

TOWNSHIP OF MAPLE SHADE
Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2014

Section 2- Schedule of Financial Statement Findings (Cont'd)

Finding No. 2014-003

Criteria or Specific Requirement

Collection of Township receipts should be made in accordance with applicable Township code and/or Township ordinances.

N.J.S.A 40:55D-53.2(c) states that if an escrow account or deposit contains insufficient funds to enable the municipality or approving authority to perform required application reviews or improvement inspections, the chief financial officer of the municipality shall provide the applicant with a notice of the insufficient escrow or deposit balance. In order for work to continue on the development or the application, the applicant shall within a reasonable time period post a deposit to the account in an amount to be agreed upon by the municipality or approving authority and the applicant. In the interim, any required health and safety inspections shall be made and charged back against the replenishment of funds.

Condition

Certain Township offices did not fully comply with Township code, Township ordinances and New Jersey State Statutes regarding the collection of receipts and the escrowing of funds for professional service fees.

Context

The following was noted during our audit of outside offices:

In some instances, receipts for road openings, escrow deposits and uniform construction code permits were not collected in accordance with Township policies and/or ordinances.

In numerous instances, professional services are rendered, but payment is not made for significant periods of time due to a lack of available escrow funds.

Effect

Certain Township offices did not fully comply with Township code, Township ordinances and New Jersey State Statutes regarding the collection of receipts and the escrowing of funds for professional service fees.

Cause

Oversight.

Recommendation

That the Township code, Township ordinances and New Jersey State Statutes be adhered to in all instances regarding the collection of receipts and the escrowing of funds for professional service fees.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

TOWNSHIP OF MAPLE SHADE
Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2014

Section 2- Schedule of Financial Statement Findings (Cont'd)

Finding No. 2014-004

Criteria or Specific Requirement

N.J.S.A. 40A:11-6.1 states that for all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in 40A:11-5, except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable.

Condition

Our audit of compliance with the Local Public Contracts Law revealed the following:

The Township made a few purchases in excess of the quotation threshold without evidence of solicitation of at least two competitive quotations.

Context

Two expenditures tested in excess of the quote threshold were made without documentation of solicitation of at least two competitive quotations.

Effect

The Township did not fully comply with the Local Public Contracts Law.

Cause

The Township's lack of compliance with the Local Public Contracts Law was due to oversight.

Recommendation

That, when required, the Township solicit and document at least two competitive quotations for all purchases made in excess of the quotation threshold.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

TOWNSHIP OF MAPLE SHADE
Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2014

Section 2- Schedule of Financial Statement Findings (Cont'd)

Finding No. 2014-005

Criteria or Specific Requirement

Payroll deductions should be withheld from employees' wages in accordance with State regulations and be reported and remitted to the proper agencies in a timely manner.

Condition

Our audit of payroll transactions and reports revealed the following:

Several instances were noted where payroll deductions were not withheld in accordance with State regulations and/or promptly remitted to the proper agencies.

Several quarterly PERS and PFRS payroll reports were not filed in a timely manner and quarterly forms NJ-927 were unavailable for our examination.

Context

Our testing of payroll transactions revealed the following:

1. One Township employee was not enrolled into the proper pension system in a timely manner nor were deductions withheld from the individual's wages.
2. The Township did not remit the required pension payments in a timely manner.
3. The Township did not remit the required defined contribution retirement plan and federal savings account plan payments.
4. Health benefit premium payroll deductions were not remitted to the Township's Current Fund.
5. The improper amount was withheld from eleven employees for health benefit premium payroll deductions.
6. Employee deductions for pension loans did not agree to the amounts remitted to the Division of Pensions.
7. Three of four quarterly PERS reports examined were not filed timely.
8. Three of four quarterly PFRS reports examined were not filed timely.
9. Quarterly forms NJ-927 were not on file and available for audit.

Effect

Payroll deductions were not withheld in accordance with State regulations and were not reported and remitted to the proper agencies in a timely manner. Improper and/or late reporting could result in future penalties.

Cause

Improper amounts of payroll deductions were withheld from various individuals in error and payments to various agencies were simply not reported and remitted in a timely manner.

Recommendation

That payroll deductions from employees' wages be withheld in accordance with State regulations and be reported and remitted to the proper agencies in a timely manner.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

TOWNSHIP OF MAPLE SHADE
Schedule of Findings and Questioned Costs
For the Year Ended December 31, 2014

Section 2- Schedule of Financial Statement Findings (Cont'd)

Finding No. 2014-006

Criteria or Specific Requirement

N.J.A.C. 5:30-5.2 states that (a) All local units except those subject to the Local Authorities Fiscal Control Act (N.J.S.A. 40A:5A-1 et seq.) shall maintain an encumbrance accounting system for all funds as follows: 1. The system shall be designed at a minimum to record charges to amounts appropriated for "Other Expenses" in the same or greater level of detail as "Other Expenses" are maintained in the adopted budget. This shall be done in such a way to record charges against amounts appropriated at the time the charges are authorized so that the funds allocated for such purposes are reserved and cannot be used for other charges within that line item. Examples of such authorization actions include the issuance of a purchase order or the execution of a contract.

N.J.S.A. 40A:4-57 states that no officer, board, body or commission shall, during any fiscal year, expend any money (except to pay notes, bonds or interest thereon), incur any liability, or enter into any contract which by terms involves the expenditure of money for any purpose for which no appropriation is provided, or in excess of the amount appropriated for such purpose.

Condition

Our audit of vouchers and expenditures indicated the following:

1. Numerous instances were noted where the vendor invoice date predated the approval date on the purchase order.
2. Several purchase orders and vendor invoices could not be located for examination.
3. The Township expended funds in excess of the amount appropriated for one Current Fund budget line item.

Context

For eighteen of forty expenditures tested, the vendor invoice date predated the approval date on the purchase order.

Six purchase orders and three vendor invoices could not be located for examination.

The Township expended funds in excess of the amount appropriated in the Health Benefit Waiver budget line item by \$3,556.46. Total 2014 Current Fund budget appropriations were \$15,788,658.10.

Effect

The Township did not adhere to N.J.A.C. 5:30-5.2 and/or did not produce evidence to determine compliance with such regulation. Additionally, the overexpenditure was recorded as a deferred charge in 2014 and the Township was required to raise such deferred charge through a budget appropriation in the 2015 budget.

Cause

Oversight.

Recommendation

That all charges against budget appropriations be made in accordance with N.J.A.C. 5:30-5.2 and that no overexpenditures of budget appropriations be incurred.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.
