Heavy voter turnout is anticipated for the November 5, 2024 Presidential Election. Burlington County has introduced new voting machines, already in use for early in-person voting and the 2024 Primary Election. This year, these machines will be available at all polling locations on Election Day (November 5, 2024). To help voters become familiar with the new machines and voting process, the Clerk's Office will host an open house on October 17th, ensuring a smooth and efficient voting experience.

Maple Shade Municipal Complex 200 Stiles Avenue, Maple Shade from 9:30am - 2:30pm

- Familiarize yourself with the new machines & new process
- Request a Vote-by-Mail
- Find Election information
- Get Your Questions Answered
