- B. All permits shall be applied for and obtained from the office of the Director during normal business hours. Applications for such permits shall be in a form approved by the Township and shall be accompanied by a permit fee in the amount established by this chapter.

 - (1) Certificate of insurance specifically designating the Township of Maple Shade as an additional insured, providing general liability, bodily injury and property damage coverage with minimum limits of liability not less than \$1,000,000 combined single limit. Said certificate shall state that "the issuing company shall mail 30 days' written notice to the certificate holder named, certified mail return receipt."

and the approved duration of such filming by specific reference by day or dates may exceed three consecutive days in duration or ten days per calendar year if good cause is shown in accordance § 114-54.

b. Any days necessary to be used for setup and preparation for a major motion picture filming may, in the discretion of the Director, be counted as a filming day where such setup is anticipated to involve one or more of the factors set forth in § 114-54.

- C. The Director may refuse to issue a permit whenever the Director determines, on the basis of objective facts and after a review of the application and consultation with the Police Department and any other Township agencies involved with the proposed filming site, that filming at the location and/or the time set forth in the application would violate any law or ordinance or would unreasonably interfere with the use and enjoyment of adjoining properties, unreasonably impede the free flow of vehicular or pedestrian traffic or otherwise endanger the public's health, safety or welfare. Further, The Township reserves the right to require one or more on-site police officers in situations where the proposed production may impede the proper flow of traffic, the cost of said police officer(s) to be borne by the applicant as a cost of production.
- D. The holder of the permit shall take all reasonable steps to minimize interference with the free passage of pedestrians and traffic over public lands and shall comply with all lawful directives issued by the Maple Shade Police Department with respect thereto.
- E. The holder of a permit shall conduct filming in such a manner as to minimize the inconvenience or discomfort to adjoining property owners attributable to such filming and shall, to the extent practicable, abate noise and park vehicles associated with such filming off the public streets. The permit holder shall avoid any interference with previously scheduled activities upon public lands and limit, to the extent possible, any interference with normal public activity on public lands.
- F. Filming in residential zones shall be permitted any day of the week, however filming must end by 9:00 pm and all crews must wrap no later than 10:00 pm. Any requests for filming after 9:00 pm shall be approved in the permit or by a waiver granted on 24-hours written notice to all property owners within 200 feet of the proposed night or weekend filming.
- G. Copies of the approved permit will be sent to the affected departments before filming takes place. The applicant shall permit the Fire Prevention Bureau or other Township inspectors to inspect the site and the equipment to be used. Upon approval, the Director shall notify the NJMPTVC (at the Film Ready inbox at filmreadynj@njeda.gov), within 10 business days of a project's completion of photography in the Locality, of the following, late notice of which may result in revocation of certification and a review of a locality's Film Ready status:

- a. Name of the Project and production company.
 - b. Start and stop dates of physical production in a certified town.
 - c. Total number of filming days.
 - d. Addresses of filming location(s).

- I. The Director may refuse to issue a permit whenever the Director determines, on the basis of objective facts and after a review of the application and consultation with the Police Department and any other Township agencies involved with the proposed filming site, that filming at the location and/or the time set forth in the application would violate any law or ordinance or would unreasonably interfere with the use and enjoyment of adjoining properties, unreasonably impede the free flow of vehicular or pedestrian traffic or otherwise endanger the public's health, safety or welfare. Further, the Township reserves the right to require one or more on-site police officers in situations where the proposed production may impede the proper flow of traffic, the cost of said police officer(s) to be borne by the applicant as a cost of production. Where existing electrical power lines are to be utilized by the production, an on-site licensed electrician may be similarly required if the production company does not have a licensed electrician on staff.

§ 114-53. Appeals

Any person aggrieved by a decision of the Director denying or revoking a permit or a person requesting relief pursuant to §114-54 may appeal to the Township Council. A written notice of appeal setting forth the reasons for the appeal shall be filed with the Township Clerk. An appeal from the decision of the Director of Business and Economic Development shall be filed within 10 days of the Director's decision. The Township Council shall set the matter down for a hearing within 30 days of the day on which the notice of appeal was filed. The decision of the Township Council shall be in the form of a resolution to be adopted at the first regularly scheduled public meeting of the Township Council after the hearing on the appeal, unless the appellant agrees in writing to a later date for the decision.

§ 114-54. Waiver of Requirements

- A. The Director of Business and Economic Development may authorize a waiver of any of the requirements, provisions, or restrictions of this chapter whenever the Director determines a permit can be issued without endangering public health, safety or welfare. In determining whether to issue a waiver, the Director shall consider the following factors:
- (1) Traffic congestion at the location caused by vehicles to be parked on the public street;
 - (2) Applicant's ability to remove film-related vehicles off the public streets;
 - (3) When the applicant is requesting restrictions on the use of public streets or public parking during filming;
